### Product description

Rechargeable LED keychain flashlight with up to 75 lumen

FLASH MICRO R is an ultra-compact and bright LED keychain with light that provides up to 75 lumen and designed to take with you everywhere you go in the pocket. It is a part of the rechargeable FLASH R series and can also be used as an exclusive promotional gift.

The integrated USB charger cable is a new smart technology that allows you to easily recharge the light directly in the USB port of your computer and other devices without using a separat charger. FLASH MICRO R can also be used as a keychain.

FLASH MICRO R features a stepless dimmer function that enables you to adjust the light output in the range of 10% to 100%. To turn on the light, press and hold the on/off switch or two seconds. This feature prevents the light from accidentally turning on in the pocket or bag.

The design of the FLASH MICRO R keychain light is modern and elegant and it is a perfect example of SCANGRIP's innovative lighting solutions that are based on the latest LED technology.

FLASH MICRO R comes in a display of 12 pcs. and is perfect to place on the cash desk for impulse buys.
