Product description

- high efficiency LED spotlight up to 1000 lumens
- easy to wear thanks to a lightweight, compact design
- durable housing, made of impact-resistant plastic
- base made of steel
- possibility of hanging the lamp or setting at the desired lighting angle
- possibility of buying and mounting the lamp on a standard tripod, on a tripod with wheels, on a standard holder and on a magnetic holder Scangrip
- battery charge indicator
- built-in USB sockets, thanks to which the lamp can be used as a powerbank
- the possibility of tilting the handle almost 360 °
- USB and 230V charger included
- possibility of lighting with 50% or 100% power
- the lamp withstands a fall from a height of even 1 meter

Specification:

Light source 40xSMD LEDs
 LUMINOUS FLUX 500/1000 lm (step 1/2)
 Operating time 4h / 2h (step 1/2)
 Cable 1 m / Black standard cable / USB to mini DC
 Battery 3.6V / 5000mAh Li-ion
 IMPACT PROTECTION IK07
 CRI> 80 CRI
 Temperature -10 to + 40 ° C
 Dimensions 230x135x43 mm
 Illuminance 600/1200 lux@0.5m (step 1/2)
 VIEWING ANGLE 120 °
 Charging time 3.5h
 Operating voltage 100-240V AC 50 / 60Hz
 INGRESS PROTECTION IP54
 Net weight 885 g
 CRI> 80 CRI
 CCT 6500K
 Impact resistance 1 m
 1m USB cord
