### Product description

version Profi +

Very useful and handy multi-purpose tester designed for one-handed operation

electrical testing 6 - 24V in cars, trucks and motorcycles  
LED light illuminates the work area  
easier to solve problems by switching the polarity  
very useful for measuring the ignition, fuel injection and other pulsed power systems  
Read the measured voltage backlit display  
Built-in cable continuity tester with optical signal  
measuring the frequency to 8000 Hz  
6 foot cord allows for comfortable operation  
polarity tester for testing vehicles or trailers  
polarity reversal adapter connected to the battery  
device connected to the battery or cigarette lighter  
A special tip for measurements on deep plugs  
6 adjustable degrees threshold voltage of 0.5 V - 1.0 V - 2.0 V - 5.0 V - 10.0 V - 48 V  
acoustic signal when the set voltage
