Product description

!! ATTENTION !!
Transport trolley allowed only after closing the drawers with the key.

Service hub / bearing press

Disassembly and assembly of the hub / bearing takes place on the vehicle without removing the ABS sensor

The product is packed in a metal trolley on wheels, equipped with 6 drawers.
Drawers equipped with locks preventing pulling out several drawers at the same time.
Drawer inserts made of foam.
Each tool has an assigned place in the drawer.
Thanks to such a solution, there is a good order in the workplace.
