Product description

!! ATTENTION !!
The trolley may only be transported after closing the drawers with the key.

Service extractor for re-hub / bearing
The hub / bearing is dismantled and mounted on the car without removing the ABS sensor
The product is packed in a metal trolley with wheels, equipped with 8 drawers.
Drawers equipped with locks that prevent several drawers from sliding out simultaneously.
Drawer inserts made of foam.
Each tool has an assigned place in the drawer.
Thanks to this solution, there is order in the workplace.
